Early Session 08h00-09h00															S59 Challenging Assumptions in Resilience Programming ODI	S138 The emergence of systemic adaptive governance practices in a transboundary catchment in Southern Africa AWARD		S123 Decision Support Tools For Assessment of Interventions for Climate Change Adaptation, Mitigation & Food Security ZALF	S122 Adaptation in Fragile Contexts: A field-based exploration of building climate resilience in fragile contexts Mercy Corps		Early Session 08h00-09h00
09h00-9h15																					09h00-9h15
Time Slot 9 09h15-11h00		S213 Changes, challenges and chances: how can we reduce future conflict risks in river basins? PBL-NEAA	S26 Water Governance to build resilience that benefits vulnerable populations. WIN eV	S175 Mainstreaming nature-based solutions for climate change adaptation Deltares	S42 Success stories of ecosystem based adaptation in Colombia and Ecuador Equador	S16 Advance effectiveness and unleash potential of integrated adaptation: leveraging EbA GCECA	S78 Green Climate Fund's approach and scope for providing support to adaptation activities GCF	S184 Understanding interactions between climate change adaptation and mitigation in cities C40	S56 Engaging small and medium-sized enterprises in building resilience to climate change - lessons from the Global South UNEP DTU	S186 Adaptation governance from the national to the local level CARE Int	S115 Mainstreaming climate adaptation into water infrastructure planning, development, operation and financing CRIDF		S326 Resourcing adaptation	S143 Unlikely Bedfellows: How academia, business, government and civil society can work better together for adaptation Walker Inst	S109 Innovative dialogue for adaptation - an explorative journey RCRC CC	S171 New leaders in a changing climate: The role of leadership in facilitating transformation Kings College	S216 Closing the Knowledge-Policy-Practice Loop: Mainstreaming Nature-based Solutions for Climate Resilience Columbia Uni	S353 River basins and coastal regions: case studies	S402 Climate Services 3	S327 Pastoralists/ Transhumance	Time Slot 9 09h15-11h00
11h00-11h30	TEA																				11h00-11h30
Time Slot 10 11h30-13h15	ToolShed D Natural resource management UNEP	S76 Mountain Adaptation Solutions Café UNEP		S14 Assessing Global Adaptation Progress: Emerging Opportunities for Knowledge & Data Integration ATC	S31 The best of both worlds? Debating technical and participatory approaches for urban resilience CORDAID	S224 Overcoming barriers to scaling up EbA: strengthening the evidence base and engaging the private sector ACDI	S37 Making the case for Ecosystem-based Adaptation – Bridging between policy and practice GIZ	S181 Quantifying benefits of adaptation: Balancing soft benefits and hard costs Rotterdam		S130 What are we learning about South-South peer learning? IISD	S201 Community driven responses to climate change. Government policy meets local innovation - experience from Africa SSN		S306 Agriculture: opportunities and challenges in agricultural adaptation	S198 Incorporating human responses to climate change in adaptation for biodiversity Stellenbosch Uni	S25 Vulnerability scenarios for adaptation planning: Approaches, achievements and gaps UNU	S316 Transformative EbA	S160 Harnessing Climate Resilient Economic Transformation in Semi-arid Lands ODI	S319 Climate Services	S313 Community Based Adaptation	S301 Cities and decision-making	Time Slot 10 11h30-13h15
13h15-14h15	LUNCH & POSTERS																				13h15-14h15
Time Slot 11 14h15-16h00	ToolShed E Knowledge Exchange, Networks and Hubs UCCRN	S204 UCCRN Urban Planning & Urban Design Lab UCCRN	S323 Health		S61 Private Adaptation in Semi-Arid Lands GRI, LSE		S180 Towards an adaptive climate proof freshwater supply in salinising deltas and possible solutions for deltas worldwide Netherlands		S27 Adaptation practice and experience in deltas in the global south Kulima	S183 The intersection of culture, ethics and information in practical adaptation CSAG	S30 Scaling up Ecosystem-based Adaptation: Linking science, practice and policy IIED	S315 EbA approaches	S300 Cities and adaptation	S50 Leveraging science to enhance citizen leadership in urban adaptation and risk management Kings College	S85 Learning from National climate assessment and adaptation strategies: Informing planning and action UBA	S17 So your research has no impact...? Participatory theatre can get you there! (and have fun while you're at it) Oxfam		S305 Agriculture: co-creation and collaboration in agricultural adaptation	S401 Adaptation Finance	S342 Gender, culture and livelihood outcomes	Time Slot 11 14h15-16h00
16h00-16h30	TEA & POSTERS																				16h00-16h30
16h30-18h15	CLOSING PLENARY IN AUDITORIUM 1																				16h30-18h15
